Art Unit: 2652

1. This application contains claims directed to the following patentably distinct species of the claimed invention: (1) FIG. 5A, (2) FIG. 5B, (3) FIG. 5C, (4) FIG. 6, (5) FIG. 8, (6) FIG. 10, (7) FIG. 13, (8) FIG. 15D, (9) FIG. 17A, (10) FIG. 17B, (11) FIG. 18, (12) FIG. 19A, (13) FIG. 21, (14) FIG. 22A, (15) FIG. 22B, (16) FIG. 23, (17) FIG. 24, (18) FIG. 25, (19) FIG. 26, (20) FIG. 27A, (21) FIG. 27B, (22) FIG. 28A, (23) FIG. 29A, (24) FIG. 30, (25) FIG. 31, (26) FIG. 34A, (27) FIG. 35, (28) FIG. 36A, (29) FIG. 37A, (30) FIG. 37B, (31) FIG. 37C, (32) FIG. 38A, (33) FIG. 38B, (34) FIG. 39A, (35) FIG. 39C, and (36) FIG. 40B.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claims are considered generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Art Unit: 2652

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. A telephone call was made to Mr. P. Van Rysselberghe on 3/22/05 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

4. Applicant claims the benefit of 35 USC 120 of seventeen (17) previous patent applications or patents. To enable the examiner to evaluate these claims, Applicant is required under 37 CFR 1.105 to provide the following information: (A) for each species claimed herein, the specific disclosure in each listed prior application (page or column

and lines) of that species, (B) for each structural feature claimed herein, the specific disclosure of such in each listed prior application (page or column and lines), and (C) for each specific percentage claimed, the specific disclosure of such in each listed prior application (page or column and lines). Further, for each CIP application, Applicant is required to indicate what presently claimed subject matter was newly presently in that application, and what presently claimed subject matter was previously disclosed in earlier applications, again citing specific sections of the disclosures (page or column and lines).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert S Tupper whose telephone number is 703-308-1601. The examiner can normally be reached on Mon - Fri, 6:00 AM - 3:30 PM (first Fri off).
